About me

As a Web and UI Designer, I can create visually appealing and user-friendly websites by understanding client needs and using a variety of tools and technologies. This may include programming languages like HTML, CSS, and JavaScript, as well as design software, Figma, or Adobe XD. I can stay up-to-date with the latest trends which are essential for success in this role.

Experience

I have 6 months of experience as a Web Designer at AM Tech Networks. During this time, I have honed my skills, gained valuable experience, and improved my efficiency in writing clean code. In my role as a Web and UI Designer, I have focused on creating user-friendly interfaces and enhancing the overall user experience.
